Duration	1 to 6 weeks
Starting Dates	Flexible between end of August to end of June
School	International Baccalaureate Private High School (IB)

This French Immersion Program for teenagers offers a unique opportunity to learn French and discover French-Canadian culture by integrating into a secondary school program (grades 7 through 11), while living with a French-Canadian family, in a youth hostel located in Old Quebec or in a hotel and by participating in cultural activities and excursions.

Program

The **High School Experience in French program for Groups** is an effective French Immersion Program that provides participants with a complete immersion experience in French-Canadian culture along with the opportunity to attain a high level of French fluency. This program has a duration of 1 to 6 weeks.

Lodging Options

Host Families

Students live with their host family on a full board basis. Families include their guest in their family activities and share important aspects of their culture. They share day-to-day life, including leisure and outings, and in return they are asked to comply with the family rules. Host families are local French-speaking families, screened and selected to ensure an optimal cultural experience.

Hotel

Students stay in a hotel (4 occ.) located in the Beauport area (25 minutes from Old Town by public transportation). The hotel is equipped with a pool. Breakfasts are taken at the hotel. Lunches and dinners are taken at school (lunches) or in restaurants near by.

Edu-inter offers support 24/7, as well as weekly reports to inform parents of their children's social and academic progress.

École Secondaire

The program is offered in collaboration with a number of high school-level institutions in Quebec City, called *École Secondaire*. In Quebec, the *école secondaire* covers grades 7 through 11, situated between elementary school and CEGEP. The CEGEP institutions prepare students to enter university.

The institutions participating in this program include private schools, and schools with special orientations.

Life in Secondaire

Program participants have an opportunity to live and learn in the most natural (and effective) way possible; through interaction with peers. Participants are integrated into the academic program in the afternoon with local students.
