High School Experience in French in Quebec City

2025-2026

This French Program for teenagers offers a unique opportunity to improve your French level in a French environment by integrating into a secondary school program (grades 7 through 11), while living with a French-Canadian family and participating in cultural activities and excursions.

The High School Experience in French program is an effective French Immersion Program that provides participants with a complete immersion experience in French-Canadian culture along with the opportunity to attain a high level of French fluency. This program has a duration of 4 (August to December) or 6 months (January to June).

Host Families

Students live with their host family on a full board basis. Families include their guest in their family activities and share important aspects of their culture. They share day-to-day life, including leisure and outings, and in return they are asked to comply with the family rules. Host families are local French-speaking families, screened and selected to ensure an optimal cultural experience.

In addition to screening host families, Edu-inter offers support 24/7, as well as monthly reports to inform parents of their children's social and academic progress.

École Secondaire

The program is offered in collaboration with a number of high school-level institutions in Quebec City, called *École Secondaire*. In Quebec, the *école secondaire* covers grades 7 through 11, situated between elementary school and CEGEP. The CEGEP institutions prepare students to enter university.

The institutions participating in this program include private schools and schools with special orientations.

Life in Secondaire

Program participants have an opportunity to live and learn in the most natural (and effective) way possible; through interaction with peers. Participants are integrated into the academic program in the afternoon with local students.

Additional French Classes

Students participate in additional French lessons classes on Tuesday and Thursday. Students receive 4 hours of French instruction per week for the first 6 weeks.
