Homestay accommodation

Students will have the opportunity to live with a Quebec family. Our families are carefully selected to ensure an optimal cultural experience. Our accommodation coordinator analyzes the profiles of our families, along with the information that students provide on their registration form, in order to find the family that best suits each student's needs.

Living with a Quebec family allows students to have real contact with Quebec culture. This is a unique opportunity for students to practice their French daily in a comfortable family environment.

Why choose Quebec City?
