The Summer French and Music for Teenagers program includes 15 hours of language classes and 15 hours of music training and practice per week. Develop your reading, writing, speaking, and comprehension skills in the morning and in the afternoon, receive professional music training and take advantage of the soundproof rooms to practice.

The program is designed for students who already have a background in music. Depending on your instrument and level, you will be matched with the appropriate instructor. Part of the time will be devoted to training in private or group lessons, while the other part will be devoted to practice. If enough students are enrolled in the program, the conservatory will organize collective practices which will lead to one or more performances during the summer.

Either the homestay or residence option offer our students a complete immersion experience in Quebec City. Our "French only" policy ensure all students speak French at all time.
